						b	Ops Specs		
4	Cruise	Grade				c	SOP's		
a	Use of Automation		8	Post Flight	Grade	d	Safety Reporting		
b	Flight Management		a	Company Communication		e	Communications		
c	Fuel Awareness		b	Aircraft Appearance					
d	Customer Care		c	Exterior Inspection					

Instructions:

For IOE: Minimum 25 hours and 4 cycles (takeoff / landing) is required. This form is used to document the completion of IOE. The OE Tracking Log is used to capture operating experience progress and comments.

For Pilot Evaluations: Enter elements evaluated with proficiency grade (1, 2, or 3). Any area graded 1 or 2 require a comment on page 2. Please enter element code for each comment. For any elements not applicable or not evaluated, please enter either NA (Not Applicable) or NE (Not Evaluated).
